

PhD/MSc student for an ISF funded study on **Heavy Metal Pollution in Marine Snow**

We are searching for excellent and motivated students for a multidisciplinary study on sources, dispersal and burial of heavy metals in the marine environment

Requirements:

- BSc, MSc degree in the earth sciences, biology, chemistry or any other related fields in marine sciences.
- Experience in analytical analysis and marine fieldwork is an advantage.

Please address enquiries to Dr. Revital Bookman (rbookman@sci.haifa.ac.il); Dr. Tamar Guy-Haim (tamar.guy-haim@ocean.org.il); Dr. Nadya Teutsch (Nadya.Teutsch@gsi.gov.il); Dr. Jack Silverman (jacobs1@ocean.org.il)
